Measure Code: WLD_M02.6

Zoom to

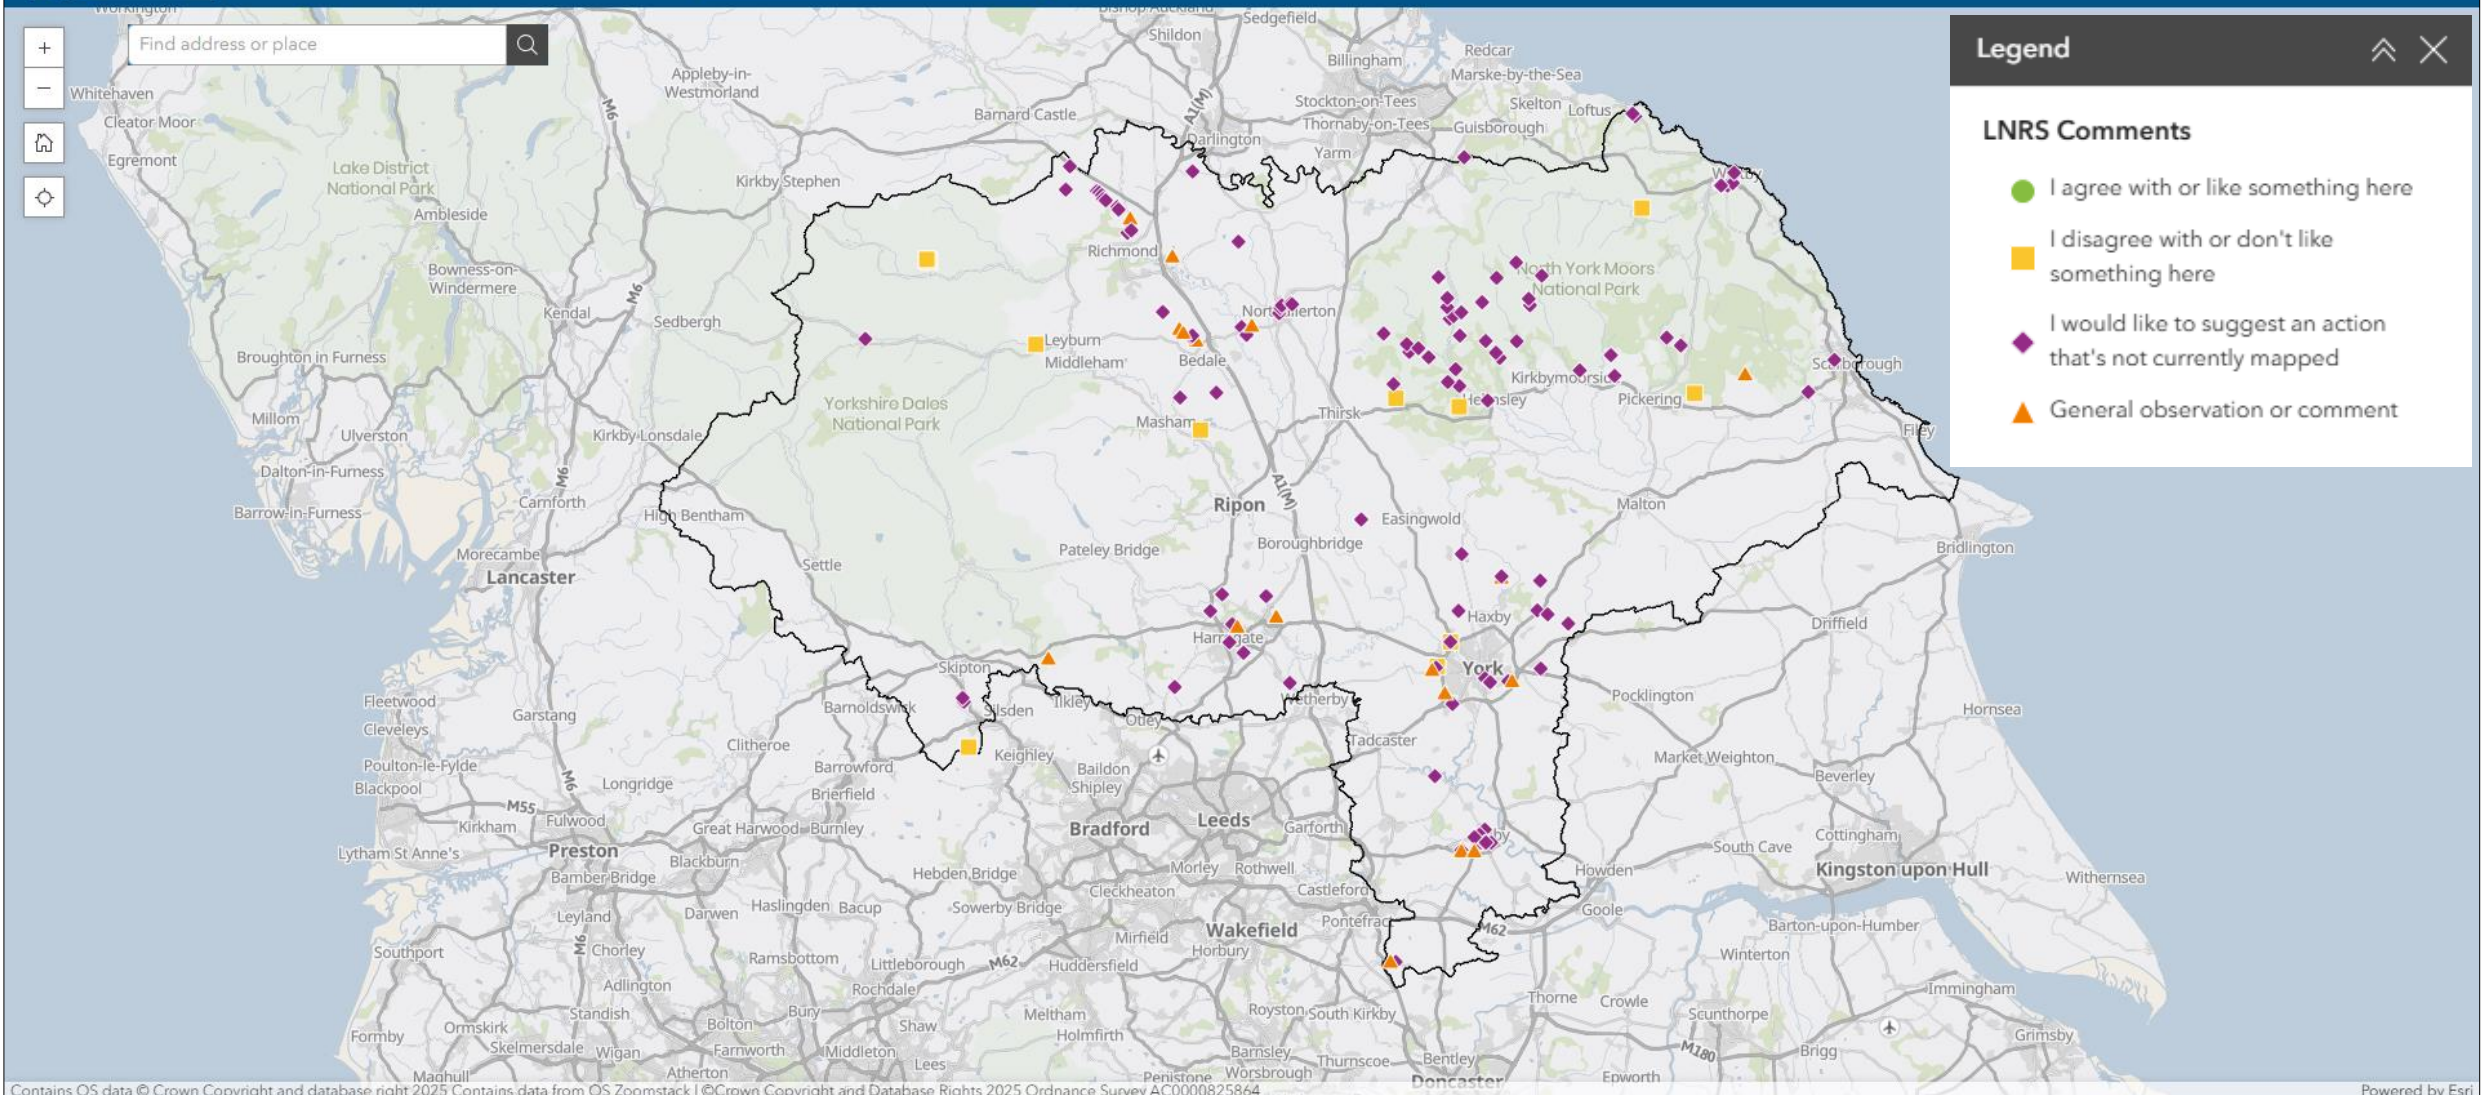

Priority Code

WLD_P02

Priority

Enhance and expand species-rich wood pasture, wood meadows and open mosaic habitats as an appropriate buffer and connecting habitat between woodland and grassland sites.

1 of 12

Delivery - Who can do what?

Local groups can use the LNRS to:

- Understand local environment in context of Local Habitat Map
- Inform measures (actions) they can carry out
- Support applications for funding

Promote jobs, education & skills in nature

Monitor & evaluate change

Programme

- Publication: end of December '25 / early January '26
- Transition to delivery – from January '26
- Review & refresh – within 3-10 years
